PRESS RELEASE

12 August 2016

RAMADA PLAZA MELAKA EMERGES CHAMPIONS FOR THE GREEN AWARD 2016.

Once again, Ramada Plaza Melaka emerged as champions of the 2016 Green Awards gala dinner held recently at the highly anticipated ceremony on 12 August 2016 here at Melaka. The prestigious event was graced by the Chief Minister of Melaka, YAB Datuk Seri Ir. Haji Idris bin Haji Haron who awarded the trophies to the winners from the other industries. The event attended by over 600 people saw three nominations from the respective industries, culminating with the announcement of the grand winners from each category.

General Manager, Mr. Edouard Reizian, believes that it is everyone's responsibility to conserve our environment as mentioned by Chief Minister YAB Datuk Seri Ir. Haji Idris bin Haji Haron in his speech, to ensure that our future generations, will still enjoy a green and healthy environment to work, live and play. "This award directly highlights that belief and crowns the efforts done by the associates of Ramada Plaza Melaka", he added.

Recognizing the responsibility to reduce, reuse and recycle water, energy and waste, Ramada Plaza Melaka in its effort to ensure greater environmental sustainability, abides by the practices of the Energy and Environmental Action Plan (EEAP), for which databases are collected and monitored on a timely basis to track consumption levels.

The formation of the 'Green Team' which took effect commencing last year, has continued its successful steps hence securing a win for the second time around in the hotel category. The 'green' practices which have been carried through to this year includes the hotels efforts in purchasing environmental friendly products such a items made of recycled materials, low/energy saving bulbs and equipment. Guests are also included in these green initiatives with the use of 'linen re-use' cards in the respective rooms, giving an opportunity for the guests to support our green efforts through reduced use of linen hence saving electricity, energy consumption and waste.

Ramada Plaza Melaka has gone to great extents throughout the past year through its many initiatives either carried out on an overall basis or through its respective departments. From energy and water conservation efforts, mechanical and lightings fittings to involvement from all the respective departments i.e. Human Resource initiatives in promoting awareness to its staff, Housekeeping departments in ensuring reduction in wastage for all its inventory and the Food and Beverage department in ensuring best use of utilities and equipment during non-operational hours.
